News from the Second and Fourth Virginia Regiments-Fine Sanitary Condition of Camp Cuba Libre-Personal Notes.

(Correspondence of the Dispatch.) CAMP CUBA LABRE, JACKSON-VILLE, FLA., August 11.-Colonel Wil-Bam J. Bryan, commanding the Third Nebraska Regiment, made an address last evening before his regimental Young pressed the hope that his regiment might be noted for the sterling integrity and morality of the men. He referred to the many anxious mothers who were inand hoped that all would conduct themselves in such a manner as to bring hap further said that a good son would make a good soldier. In closing his address stronger grip upon his Christian faith than he, and he urged the men to be nomination they may be found.

There will be in the Seventh Army Corps by September 1st 25,000 officers and men. There are very few regiments needed to complete the maximum strength of the corps, and the required number have been ordered to report to General Lee. There is little doubt in the minds of those who watch closely the movements of the troops that the Seventh Corps will be ordered to Habana, and it is firmly believed that the corporate being organized for that purpose.

I have said quite a good deal concerning the health of our camp, but I take it this important subject is of vital in-terest to the loved ones at home. At a monthly meeting of the Board of Trade of Jacksonville, held yesterday, a report was heard from a special committee ar pointed to investigate the sanitary condition of Camp Cuba Libre. The report as follows:

'We made an investigation of the sanitary condition of the camp, upon a day when the rain was pouring in torrents, and when conditions were most unfavorable, but the committee have nothing to criticise, and have found no suggestions to make toward improve-ment. We were escorted about the camp by Major Russell Harrison, to whom we are greatly indebted for cour-testes extended. We have learned from the surgeons that less than 2 per cent. of the soldiers in camp are on the sick list, a rate lower than that of any large city in the country. Several of the regiments have reported no men seriously ill, and those that were off duty on account of illness were sick because of indiscretions In exposure to a hot sun in a climate overindulgence in eating and

favorable conditions are considered to be due, in large measure, to the hearty co-operation of the military Works, to whom a vote of thanks is tendered."

A vote of thanks was also tendered to Major Harrison, and the report signed by the following committeemen unanimously adopted; A. S. Baiwin, M. D., E. C. Garner, and C. E. Kirk. PROMOTED.

As was predicted in a former letter, Captain R. G. Simmond, assistant sur-geon Second Virginia, has been detailed to the staff of Colonel Maus, chief surgeon on General Lee's staff, and Assist-nt-Hospital-Steward Oscar Woods has been appointed acting assistant regi-mental surgeon. This was caused by the detail of Captain Simmons, and the ab-

Colonel G. W. Taylor, of the Fourth Virginia, left yesterday on a business trip up the river. In his absence the regiment was in command of Lieutenant-Colonel Edwards. Captain Sheen, of Company A (Norfolk) accompanied Colo-nel Taylor, and they have returned with many pleasant reminiscences, which will be related at one of those delightful banquets which Captain Higgins, regiquets which Captain Higgins, regi-

Private S. S. Pierce, of Company I, econd Virginia, will be sent to Pablo Beach to recuperate. Corporal Trice, of that company, con-tinues to improve, and drove around to his company quarters to-day. He was gladly greeted by the men. Corporal Trice is quite a hero in the eyes of his comrades. He seems to consider, with the greatest of all soldiers, that duty is the sublimest word in the English language. After being struck by Page, and while still in a semi-conscious condition, he asked his second lieutenant, "Did I do my duty?" When answered in the affirmative he re-

blied: "O, I am so glad."

Virginia, formally composed of the efficient major, James C. Watson, has by
special order been dissolved, and business of this court will now be transacted by a summary court, to be appointed, and the garrison and general courts-martial. In the absence of Captain C. G. The case of Powell, Woods, and Harmon, charged with assault, came up this evening for preliminary hearing before Justice O. A. Wright. Woods and Powell were offered bail in the sum of \$1.000 and Harmon in the sum of \$500 till the September term of the County Court, in default of which they were all three imprisoned.

### THE HARVEY PROPERTY SOLD.

Ridiculously Low Prices Obtained for Valuable Real Estate.

The property on Barton Heights formerly owned by J. H. Harvey, but which was conveyed by him in his deed of assignment, and which was ordered by Messrs. Conway R. Sands, J. Jordan Leake, and John A. Lamb, commissioners appointed by the Henrico Circuit Court, to be sold was put up at auction yesterday afternoon, and knocked out at exceedingly low prices.

The first thing sold was the piece of

property on Virginia avenue, on which are located the many greenhouses, and this, together with the greenhouses, was sold to the Home Building Fund Company for \$4,000.

Lot 4, on Virginia avenue, containing two greenhouses and the heating apparatus for the entire garden, went to the same company for \$750, and lots 5 and 6a adjoining, on which was situated Mr. Harvey's residence, were sold, to-gether with the large stable, to the Home

Building Fund Company for \$500.

Mr. W. M. Luck bought the lot having fifty feet front on North avenue for \$1%, and the property in Duvall's Addition, 30 by 100 feet, on which is situated a residence and the boilers and pump, was knocked out, together with all im ments, to the Home Building Fund Company for \$300.

Messrs, F. T. Sutton and H. Selder Taylor were the auctioneers, Messrs. Sands and Lamb, who were present as the sale, agreed that the property should be knocked out to the highest bidder, subject to confirmation by the court, but they agreed also to protest against the confirmation of such low prices.

OUT OF THE SERVICE.

DISCHARGED. A VARIETY OF CAUSES GIVEN.

SIXTY-EIGHT VIRGINIAN SOLDIERS

Proper Influence at the Departmen Often Effective Without Any Cause-The Trouble in the Third Still Excites Popular Interest.

Sixty-eight discharges have been granted to Virginia soldiers since their enlist ment at Camp Lee, according to reports made to the Adjutant-General. The Second Regiment has lost the smallest number, 15; the Fourth lost 16, and the Third

The causes for discharge are chiefly physical, men who had been passed by the surgeons here afterwards contracting diseases which rendered them unfit for service. In some cases, troubles which were latent, and practically impossible of discovery by the examining surgeon, have become active, and caused the discharge of the men. In other cases such troubles were known to the applicants, who said nothing of them, being anxious to enter the service, but after a few weeks of the arduous duties of the soldier they wanted to get out, and bethinking themselves of their old trouble applied for re-examination, and by calling the surgeon's attention to the ailment succeeded in getting an order for dis-

In still other cases young fellows under 18 years of age enlisted, and not finding army life agreeable, applied for, and obtained, discharges on this ground. In several instances parents got their sons out of the service by pleading this

THE WORK OF CONGRESSMEN. In a great many cases congressmen, upon application of parents, exercised such potent influence upon the Secretary of War that discharges were granted without any cause being assigned. Num-bers of company commanders in the Virginia regiments have had occasion to say some very pointed things about the mem-ber of Congress from their district for taking away a good man. In many in-stances the first intimation the soldiers had that efforts were making to get them out of the service was when the notice of their discharge was read them by their captain. In one instance the parents of a young man in Company H, Second Regiment, procured his discharge, and the boy was so grieved when he was notified that he must leave his com-

pany that he shed tears.

All discharges have to be ordered by the Secretary of War, but are made out by the regimental adjutant and signed by the colonel of the regiment. They are written on parchment, as they are of great value to the soldier, since he may upon almost any occasion in future life be asked to show that he did not desert. Pensions are never given to men dishonorably discharged from the army. If the holder of such discharge wishes to apply for a pension one of the first things he must do is to have his war record cleared up by having the entry "dishonorably discharged" removed from the rolls in the War Office. This can be done only after the case is given by due cause is given.

THE TROUBLE IN THE THIRD. The trouble in which the Third Virginia is involved still continues to cause great discussion here. The opinion universally entertained is that General Butler has made a great blunder, the effects of which are very galling to the Virginians now, but which may render the South Carolinian's lot anything but asant when the decision of the is rendered. There is no doubt but that the officers and men of the regiment have correctly stated the case, so is no expectation of any other verdict than one of complete exoneration of the Virginians.

CAPTAIN BOSSIEUX TO RETURN. Captain Bossieux, of the Second Regiment, who has been doing recruiting duty here for some time, will probably return to Jacksonville Tuesday. The men under him are expected to start back Sunday. Lieutenant W. P. Klein, of Company H, of the Fourth, returned

Rev. S. A. Grimsley, a Baptist minister of Richmond, Va., who was in the thick of the fight at Gettysburg, delivered the oration. Before leaving for Chickamanga Park, Ga., Lieutenant George E. Bass, Fifty-second Iowa Velunteers, procured a few bottles of Chamberlain's Colic, Cholera, and Diarrhea Remedy. The boys were delighted with the quick cures of diar-rhea which it effected. To meet the demands Lieutenant Bass ordered four dozen bottles more by express and sold the whole of it in one day, except three bottles kept for his own use and for per-sonal friends. Delinquent Property Rented Out-A Hard Law.

BOYDTON, VA., August 12.-(Special.)-Yesterday Treasurer Wells, acting in accord with an act of the last Legislature, rented out a number of lands for the year 1899 to pay the delinquent taxes of 1897. Notices of this renting had been stuck up at the court-house door and at the voting places in each precinct, as the law redires, but there was no newspaper advertisement or personal notice served, and, therefore, but few of the owners were aware of what was being done. Only a dozen or so men were present at the renting, out of whom there were three or four bidders, who in some instances rented property for from \$2.50 to \$6 worth from \$50 to \$100 rent. The Treasurer says the owners have no recourse at law, and they are solely at the mercy of the man who rented it. The impression here is that this is a most iniquitous law, and that there will be trouble when the evictions are attempted. No blame attaches to the Treasurer, but the Legislature is severely criticised.

Mecklenburg is fortunate in her mine ral-water resorts. The reputation of But falo water has kept a crowd there all summer. There has also been a crowd at Chase City since June, and recently the opening of the large new hotel at Clarksville will bring the waters there before the public as a winter resort, par-
